(1) The Developer shall establish a Michigan non-profit corporation for a perpetual term under the laws of the State of Michigan with the name "Northville Trails Homeowners Association", hereinafter referred to as the Association.

(2) The Developer shall deed whatever interest it may have in the Common Areas to the Association by quit-claim deed. Upon execution and delivery of

such deed, the Association shall have full responsibility for the ownership, control, improvement, operation, and maintenance thereof, and the Developer shall have no further responsibility or liability in that regard.

(3) The entire membership interest in the corporation shall be owned initially by the Developer who shall within thirty (30) days following recording of these Building and Use Restrictions appoint the Directors of the Association and retain such membership interest until the Developer shall have sold and conveyed 95% of the platted lots in the subdivision or such time prior thereto as shall be elected by the Developer.

(4) At the time provided in Subparagraph (3) immediately above, the membership interest in the said corporation shall be transferred to the Owners of the lots in the Subdivision, one (1) membership interest for each lot, and the lot owners shall all succeed to the ownership of the Association, and the Directors of the Association shall thereafter be elected by the members of the Association. Membership shall be mandatory by each Owner.

(5) Immediately following appointment by the Developer of the Directors of the Association, said Directors shall proceed to adopt suitable By Laws for the governance of the Association, which By Laws shall also delineate the powers and functions of the Association not described herein. The Board of Directors of the Association shall adopt an annual budget which shall include an adequate allowance for any taxes, insurance and the maintenance of the Common Areas. The Board shall advise each member of the amount of the required contribution from each member which shall be necessary to defray the operating costs of the Association, including the costs of maintaining the Common Areas. The required contribution shall be an assessment on each lot and lot owner.

(6) By accepting a deed to a lot in the Subdivision, each Owner agrees that the annual assessment for operating costs of the Association, including maintenance as aforesaid, shall be a lien on the lot owned by each Owner from the date a notice of such lien is recorded as permitted pursuant to Paragraph II. A. (8) and that the payment of the amount of each annual assessment shall, in addition, be a personal obligation of each Owner.

(7) The annual assessment on each lot and Owner as established by the Board of Directors of the Association shall be paid to the Association within the time limited by resolution of the Board of Directors.

(8) In the event of non-payment of the assessment by any Owner, the Association may proceed to collect the assessment by action of law or by recording a notice of and foreclosing the lien granted to the Association by each Owner. The remedies of the Association in the event of nonpayment shall be

cumulative and the Association shall not be deemed to have waived any other remedy by its proceeding in any form to effect collection.

(9) Lots owned by the Developer or Builders shall not be subject to assessment; provided, however, any lot owned by the Developer or Builders shall not be exempt from assessment by the Township.

(10) The lien arising from assessment/s as provided for herein shall be subordinate to the lien of any first mortgage issued by an institutional lender for land development purposes, builder's construction loans, or a first end mortgage loan. The sale or transfer of any lot pursuant to a first mortgage foreclosure or any proceeding in lieu thereof shall extinguish the lien of such assessment/s due prior to such sale or transfer.

(11) Developer reserves the right to amend, modify, alter or waive, in whole or in part, these restrictions, with respect to their application to any portion of Northville Trails Subdivision which it has not sold and conveyed to a Builder. Such reservation of rights shall endure for the lesser of (i) the period during which Developer shall retain the fee title to more than 30% of the total assessed valuation of lots in Northville Trails Subdivision, or (ii) a period of twenty years from the date of this Declaration.

B. OBLIGATIONS OF THE ASSOCIATION, COMMON AREAS SUB-DIVISION RESTRICTIONS, MAINTENANCE AND REPAIR:

(1) The principal function of the Association shall be the enforcement of restrictions imposed on the lots and Owners in the Subdivision as found in these Building and Use Restrictions, the Landscape Maintenance Agreement, the Storm Drainage System Maintenance Agreement, the establishment of reasonable rules and regulations for the use of the Common Areas within the Subdivision, and maintenance of the Common Areas not addressed in the above referenced Maintenance Agreements.

(2) The Association may, in the discretion of its Board of Directors, promote and advance the interest of the Members, establish social programs, and establish programs and policies which will improve the Subdivision and assist Owners.

(3) Maintenance of the Common Areas shall include, but not be limited to:

- a. periodic mowing of grass areas no less than three (3) times each growing season,

Notwithstanding any of the foregoing, the license granted pursuant to this paragraph shall not entitle the Township, its employees, agents, independent contractor, successors and assigns, to do any act or thing or exercise any power which would interfere with or disturb the use or enjoyment, future or otherwise, of the Developer, its successors, and assigns, owners or the Association.

(5) The Developer and/or Association and Owners shall be responsible for the care, maintenance, operation, inspection, repair, replacement, improvement, installation, construction and management of all of the Common Areas of the Subdivision. In the event the Developer and/or Association and Owners fail or refuse to provide the necessary care, maintenance, operation, inspection, repair, replacement, installation, construction or management, the Township shall have

the right to assess all costs, expenses and charges to the same against the Association and the Owners according to such apportionment as is set forth in the By Laws of the Association. The Developer and/or Association and the Owners, their agents, representatives, successors and assigns shall be severally, and not jointly, liable for each such proportionate share of the cost and expenses incurred by the Township to discharge such responsibilities. Such costs, expenses and charges shall be due and owing upon written demand and notice by the Township to the Developer and/or Association at the last known address as filed with the Township Clerk, and to the address of the Owners as set forth in the existing tax rolls. Such notice shall be sent by first class mail, postage prepaid and a proof of service of such mailing shall be evidence of the Township's compliance with the notice requirement contained herein. In addition to the other methods of collection, the Township shall have the right to place such assessments on the Township tax rolls of the property or lot in question, and collect the same in the same manner as any property tax or assessment. The foregoing shall not be the exclusive right or remedy of the Township, and the rights and remedies provided to the Township by statute, ordinance, agreement or other provision of these restrictions shall be preserved.

(6) Entry upon the Subdivision by the Township, its agents, employees or independent contractor pursuant to paragraph II. B. (4) shall not constitute a dedication to the Township or an acceptance of title by the Township. The Township does not by its exercise of any right under this license constitute directly or indirectly the Association or the Developer as the agents or beneficiaries of the Township and the Township shall in any event retain its full governmental immunity. Any act, right or obligation of the Township, either specifically or by implication, arising from or occurring as a result of these Building and Use Restrictions shall be done or omitted by the Township in its sole and exclusive discretion. Except for the actual negligence of the Township or its employees, agents, representatives and contracting parties, the Township shall not be liable for damages, by specific performance or otherwise through the Developer and/or Association of any Owner, by reason of or from any matter in connection with these Building and Use Restrictions.
